OVERVIEW

Software Developer based in Dhaka, treating software as a craft. Focused on backend development and API integration, designing and maintaining scalable REST APIs, and ensuring robust data flows. Passionate about type-safe code, strict route validation, and building systems that are a pleasure to read and maintain.

EXPERIENCE

Jr. Fullstack Developer | DeveloperLook | Jan 2025 – Present

- Designed and maintained scalable REST APIs (Node.js, Express, TypeScript, Supabase, Strapi).
- Modelled domain data in MongoDB/Mongoose, PostgreSQL with strict validation.
- Integrated third-party services (Stripe, Cloudinary, Auth) end-to-end.
- Contributed to Next.js/React frontend features, ensuring type safety.

SKILLS & TECHNOLOGIES

- **Backend:** Node.js, Express.js, TypeScript, MongoDB, PostgreSQL, Supabase, Prisma, Zod, Stripe.
- **Frontend:** Next.js, React, Tailwind CSS, Shadcn, Zustand, Redux Toolkit.
- **Tools:** VS Code, Cursor, Postman, Git, Linux, Docker, Dokploy.

PROJECTS

1. Ibadah (Full Stack) - [Live Link](#) | [Source Code](#)

A quiet, habit-tracking companion for daily Islamic practice (Salah, Qur'an reading, dhikr). Built around consistency-without-pressure, it features gentle streaks, monthly reflection, and full PWA capability for offline availability.

Technologies: Next.js, Express.js, MongoDB, PWA.

2. Luxe Maison (Full Stack) - [Live Link](#) | [Source Code](#)

A modern, elegant marketing site for a luxury home decor store. It emphasizes a calm, considered design with generous whitespace and a highly optimized image strategy, ensuring responsive loading and zero layout shifts.

Technologies: Next.js, TypeScript, Tailwind CSS, MongoDB.

3. TechtipsHub (Full Stack) - [Live Link](#) | [Source Code](#)

An advanced blogging platform for tech enthusiasts featuring premium content, user interactions, and detailed analytics. It supports free and premium tiers, rich text editing, and features robust state management for a seamless experience.

Technologies: Next.js, TypeScript, MongoDB, HeroUI.

EDUCATION

- **B.Sc. in Computer Science & Engineering**, National University of Bangladesh | 2026 – Present
- **Higher Secondary Certificate (HSC)**, Taragonj Horendra Narayan Uchcha Madhymic Bidyalaya | 2023–2025
- **Secondary School Certificate (SSC)**, Raniganj High School | 2016–2021

COURSES

- **Next Level Web Development (Batch-3)** - Programming Hero | May 2024 – Nov 2024
- **Complete Web Development Course (Batch-5)** - Programming Hero | Jan 2022 – Aug 2022
